

THREE GREAT CONVENTIONS

Indications Point to a Very Large Attendance.

SPEAKERS WILL BE INTERESTING

All Will be Entertained by the Hospitable People of Gainesville—Some Have Already Arrived—Dr. Strouse Will be Here Today.

The determination of all interested to make the second Bible Conference, Christian Workers' Institute and the Great Florida Chautauqua better than the first, has caused the promoters to put forth a more united effort, if such action can be possible, and the success attending their work is apparent. The attendance will surely be large, and those who come will be amply rewarded for the time spent.

The object of the Conference is to increase the depth of spiritual life and emphasizing of the ministry, together with systematic study of God's Word, so that laymen as well as ministers may be assisted in their efforts to aid in the work of evangelization.

In the hands of Dr. Clarence B. Strouse this work has led to a calling together of many of the ablest workers in this country—speakers of international reputation as well, and among them are such eminent men as Dr. J. Wilbur Chapman, the able New York divine of the Presbyterian church; Dr. Len G. Broughton of Atlanta, Baptist; Dr. D. V. Gwilym of New York, Episcopalian; Dr. W. S. Blackstone of Chicago, Methodist; Prof. J. R. C. Brown of Virginia, Presbyterian; Dr. E. I. D. Pepper of Philadelphia and Rev. Geo. R. Stuart of Tennessee, both Methodists, and Rev. A. C. Dixon, of Boston, Baptist. All, except Dr. Chapman and Rev. Stuart, were here last year, and those who heard them are unbounded in the praise of their able efforts.

The Bible Conference will be in session from February 5 to 20, and be under the immediate direction of Dr. Strouse, than whom none better can be selected. His magnetic influence has worked wonders wherever he has appeared.

The Christian Workers' Institute will be opened February 20, and close March 5. It will be under the direction of Prof. J. R. C. Brown of Virginia.

The Great Florida Chautauqua which gained an enviable reputation last year, will be under the direction of Dr. W. L. Davidson of Washington, the dates being March 5 to 21. The special features of the Chautauqua will be of interest to all.

Tourist rates on the railroads are of interest to all, affording an opportunity to come here and build up the physical as well as intellectual strength, the main object being an up-

A HEALTHY OLD AGE OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. Mary Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

lifting of all along the line of spirituality.

Letters of inquiry addressed to Ferdinand Bayer, Secretary, Gainesville, Fla., will receive prompt attention.

Twentieth Century Club.

The Twentieth Century Club met at the home of Mrs. J. T. Percival Monday afternoon with sixteen members present, and proved a very interesting meeting.

Several communications were received and acted upon, one from the chairman of the State Federation of Woman's Clubs requesting that delegates be sent to the annual convention at Miami.

Another very complimentary communication was the appointment of a special committee from our Gainesville club, by the National Federation of Woman's Clubs, to meet with them in regular session at their next Biennial Conclave.

The business of the club being disposed of, part of which was the admission of three new members, the literary program was then taken up.

The roll call was answered to by quotations from Goethe and Schiller, a very interesting paper was read by Mrs. B. P. Richards, and an interesting article on the subject of "Weimer, the Athens of Germany," was read by Mrs. G. K. Broome, after which the round table was taken up and as much trouble was experienced in the pronunciation of German words. It was decided to appoint a critic to overcome this difficulty.

The feasibility of getting up a musical for the benefit of our library (which we hope some day to make public) was discussed and after the rendering of some lovely music by Mrs. Percival the club adjourned.

The next fortnightly meeting is to be held at the home of Mrs. F. H. Craighill.

CORRESPONDENT.

Kills His Sweetheart.

Atalla, Ala., Jan. 26.—Frank Allen killed his sweetheart here last night. He had asked her to marry him and when she rejected him he shot and instantly killed the girl. He is at Gadsden and laughs over the tragedy.

Spilled Her Beauty

Harriet Howard of 259 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Koehne's Arctica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

Governor Acts as Sheriff.
Jackson, Miss., Jan. 26.—While Governor Vardaman was returning home on a Yazoo and Mississippi Valley train he arrested Jim Hannah, a negro, charged with killing two men in Holmes county. The governor learned that Hannah was on the train, and borrowing a pistol from the conductor, went to the forward coach and compelled the negro to surrender. He then turned him over to the sheriff at Yazoo City. The accused has been identified as the man wanted.

Two Monster Petitions Filed.

Raleigh, N. C., Jan. 26.—Two monster petitions have been presented to the legislature by the merchants of North Carolina. One petition has 5,000 signatures and asks for the enactment of a law for garnishment. The other petition has 7,000 signatures of merchants and asks the repeal of what is known as the merchants' purchase tax, this being a tax which is levied upon the amount of purchases.

The Psychology of Vanity.

A French scientist, M. Camille Melinard, discusses in La Revue (Paris) the psychological aspects of vanity, which, he declares, is the desire for praise become all powerful. Vanity in the beginning, he declares, is more a caprice than a vice, but vices may arise out of it. He discusses vanity of dress, of manners and of intellect. To prevent the development of vanity, he says, we should begin very early with the child. In fact, it is we who make the child vain by the misuse of praise, comparisons with companions, too much admiration; also by railway, which may cause the child much suffering and teach him to fear criticism. There is too much appeal to amour propre, and there are too many competitions and prizes which may stimulate energy, but require very prudent use. It would be better to compare the scholar with himself. To work to be the first need not be bad, but to work for the joy of working and learning is much better and less exciting. Finally, let us remember that the advantages we boast of have little value in themselves; all depends on the use we make of them. The only quality of which we can never be vain is justice.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and \$1.00. Sold by W. M. Johnson.

HIS APOSTOLIC MAJESTY.

Title of the Emperor of Austria as King of Hungary.

The title of "apostolic majesty" is borne by the emperor of Austria as king of Hungary. Hungary was ruled by dukes from its conquest by the Magyars to the year 1000, the royal title being assumed first by Vulk, whose education had been entrusted by his father, Geyza, who had married a Christian princess, to Adalbert, bishop of Prague. On succeeding his father Vulk embraced and established Christianity, applied for and received from Pope Sylvester II, the title of "apostolic king," was crowned as Stephen I, and afterward known as St. Stephen.

The title was renewed by Clement XIII. in 1758 and, though abolished in 1848, was reassumed as "apostolic majesty" in 1851 and restricted in 1868 to the Austrian emperor in his character as king of Hungary. The privilege of being preceded by a cross bearer was granted with the original title.—London Standard.

HAMLINS WIZARD OIL

used as a gargle, and externally on the throat, is a marvelous remedy for these painful and dangerous disorders, and effects relief and cure after everything else has failed.

Says Henry Wade, of Harlin, Mo.: "I am under obligations to you for the great good which Hamlin's Wizard Oil did my wife. She suffered from Throat Trouble for a year, and though she doctored and doctored, nothing did her any good, until she tried Hamlin's Wizard Oil." Price 50c and \$1.00.

Sold and recommended by ALL DRUGGISTS.

Origin of Grammar Schools.

"Grammar schools" are schools which were founded to teach grammar at a time when the word had a very different meaning from that which it bears at the present time.

Grammar is the science which investigates the laws of language and the art of using it correctly, and one would naturally imagine that a grammar school must necessarily be a school where the English language is taught, but it is not so.

In the middle ages, when the clergy were the only educated men, Latin was the language in which knowledge was preserved and handed down either orally or in writing, so "grammar" came to mean the grammar of the Latin tongue and a "grammar school" was an endowed school for teaching Latin (and afterward Greek) to poor scholars, to fit them for universities.

A handsomely illustrated magazine devoted especially to the interests of the fruit and vegetable growers of Florida.

He has made the study of optics a specialty, and anyone in need of glasses cannot do better than give him a call. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect on the part of the parents may lead to most serious consequences in after-life. If the eyes of the child need glasses the Doctor can determine it and adjust such glasses as will be the best to preserve and increase their strength. The Doctor has been giving satisfaction for many years, and we can recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him, and he doesn't give relief it will not cost them anything. He can adjust to any age and any eye. A good glass right adjusted is a luxury to a person with failing sight; they can ill afford to do without. A glass imperfectly adjusted is worse than no glass.
